Biologist, Environmental Technician, Monitor

WHO WE ARE

Titus Biological Services Inc. is a small company based in the Lower Mainland that typically services the area from Hope to Pemberton, with most of our work in Metro Vancouver. We specialize in freshwater and riparian systems, environmental impact assessments, environmental monitoring and management, and habitat restoration. We are a friendly and hands-on team with great clients.

We are committed to the values of justice, equity, diversity, and inclusion, and we honour and respect the historic and ongoing relationships that First Nations, Inuit, and Métis have with the land of their ancestors.

WHO YOU ARE

We are looking for the right candidate, someone who fits with our team, our outlook, and our values, and will train the right person. Ideally, you will be registered with the College of Applied Biology as an RPBio, BIT, RBTech, or ABT, or be eligible for registration.

We hope that you enjoy the outdoors, and working in all terrain and weather conditions.

We expect a collaborative attitude and a culture of respect with a focus on teamwork and client relationships.

We will require a valid BC driver's license, many of our job sites are not transit accessible.

Office: 13585 Cedar Way
Maple Ridge BC V4R 2T4

THE WORK

The day to day work will depend on the level of experience of the successful candidate. We would love to find an experienced RPBio who can hit the ground running and take over some projects, but we are also happy to mentor less experienced candidates, who will be able to learn a broad range of skills in this industry.

What you'll be doing may include:

- Coordinating permits, licences, approvals, and data submissions
- Environmental monitoring of construction projects
- Fish and wildlife salvages and surveys, including species at risk
- Aquatic, riparian, and terrestrial habitat assessments and inventories
- Water quality monitoring
- Development of environmental management and protection plans
- Data collection, interpretation, and reporting
- Many other duties!

WHAT WE OFFER

- Flexible work hours
- Remote work for experienced, independent candidates
- Ongoing mentorship, support, and structure for less experienced candidates
- Varied, interesting, and meaningful project work
- Training opportunities
- Competitive compensation and benefits
